Ordering Information

Ordering—Order by telephone, fax, by mail, and website.

Bulk Quantities—Quotes on bulk quantities will be supplied upon request.

Confirming Orders—Please mark confirming orders clearly to avoid duplication. Confirming orders are not required.

Shipping—ViroStat will select shipment method considered best for the product and its destination. These charges will be prepaid and added to invoice. Other shipping arrangements may be specified by the customer at additional expense. Title to the items sold passes to the purchaser upon delivery of the items to the carrier regardless of the method of shipment. Claims for loss or damage of products are the responsibility of the purchaser and should be reported to the appropriate carrier within 10 days.

Returns—Authorization from ViroStat is required prior to the return of any product. No returns will be accepted without authorization.

Product Liability—The enclosed products are intended for research or manufacturing use only. Not for use in diagnostic or therapeutic procedures. The user must have the required technical skills to adequately evaluate the appropriateness of these products for his or her own research applications. Nothing disclosed herein is to be construed as a recommendation to use these products in violation of any patents. The information presented is believed to be accurate. However, said information and products are offered without warranty or guarantee since the ultimate conditions of use and the variability of the materials treated are beyond our control. We cannot be responsible for the patent infringements or other violations that may occur with the use of these products. The foregoing is in lieu of all other warranties, express or implied, including implied warranties of merchantability and fitness for a particular purpose. In no event shall ViroStat be responsible for lost profits or indirect or consequential damages including but not limited to, personal injuries resulting from the use of the products.
